**DECLARATION UNDER 37 C.F.R. § 1.132 THAT INVENTORS NAMED
IN THIS APPLICATION CONCEIVED OR INVENTED
THE SUBJECT MATTER WHICH IS DISCLOSED
IN THE CITED PUBLICATION**

1. Cited against this application is the disclosure found in publication, Todoroki et al., *"Observation of Blowing out in Low Loss Passive Optical Fuse Formed in Silica Glass Optical Fiber Circuit"* published in The Japan Society of Applied Physics, Vol. 34, No. 6A.
2. I, the inventor of this application and signing below, hereby declare that the cited disclosure in the above identified publication was conceived or invented by me and that the inventorship of this application is correct in that the reference discloses subject matter derived from me rather than invented by the authors of the publication notwithstanding the authorship of the article.
3. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
